Solon, OH 44139

Dear Jerry Siegel:

This letter is in response to your request received in our office on April 6, 2006 for HCPCS coding assistance. Coding assistance provided by the SADMERC is reflective of the four Medicare Durable Medical Equipment Regional Carriers (DMERCs). Following is/are the proper HCPCS codes to bill the four DMERCs:

Ultra Motion CPM, manufactured by Orbital Industries

E1399 Durable medical equipment, miscellaneous (Note: A specific DMERC billable code for this product does not exist; therefore, a miscellaneous code has been assigned.)

Leg Rock and Roll CAM, manufactured by Orbital Industries

A9300 Exercise equipment

The assignment of a HCPCS code to the product(s) should in no way be construed as an approval or endorsement of the product(s) by the SADMERC, DMERCs, or Medicare, nor does it imply or guarantee claim reimbursement.

The HCPCS codes you have requested allowables on are not listed on the CMS National Fee Schedule. Codes that are not listed on the National Fee Schedule are priced by the DMERC using another pricing methodology. Therefore, you will need to contact your DMERC for more information on the pricing for this code. You may contact AdminiStar Federal, Inc. at (877) 299-7900.

Should you need further HCPCS coding assistance, please contact us at the address below, at our web site (www.palmettogba.com) or by calling our Helpline at (877) 735-
